re: Domonoske v Bank of America, N.A. Case No. 5:08CV00066

JULIA C. DUDLEY, CLERK
BY: *K. Bauseman*
DEPUTY CLERK

May it Please the Court,

I wish to state my objections to the settlement of this case as outlined in the Notice received along with claim and opt out forms.

With a projected settlement of about \$2 for all class members, it is apparent to me that this is a "nuisance" suit, the cost my mailing this letter alone will exceed that amount, since counsel requires that I send them three additional copies of this letter. It is apparent that whatever harm may have occurred as a result of delays in establishing credit worthiness by Bank of America were not of sufficient import to warrant the remedies sought through this litigation.

I am a retired Dentist, licensed in the Commonwealth of Virginia and, although I have no connection to any of the litigants or to Bank of America (other than as a customer of their services), it is offensive to me to see such a travesty. I believe that this suit should be dismissed with prejudice. Barring that, perhaps the fees awarded could be more appropriately set as a percentage of the average settlement - say 24% of the average Class Member's payment. That, by my calculation would be between 48 cents and \$24 (if 2% of Class Members submitted claims). I believe it would be fair to limit expenses to less than twice those fees.

The court would not be surprised to note that I could have expanded upon my objections in detail and at length, but I would not wish to waste the court's valuable time as I believe these litigants have done.
